

TRANSNET SUPERCREAM

CAR SHAMPOO

DESCRIPTION

TRANSNET SUPERCREAM is a highly concentrated foam cleaner for vehicle carbody. It benefits from the latest technological advances in the detergency sector.

Thanks to the combination of foam-generating surfactants, very low surface-tension surfactants and a high detergency, TRANSNET SUPERCREAM is a very effective on traffic film and very foaming carbody shampoo.

All of these components make it ideal for cleaning stubborn dirt and making bodywork shine. In addition, the inhibitors contained make it suitable for safe application on light alloys despite its high alkalinity.

APPLICATION/INSTRUCTIONS FOR USE

It is ideal for cleaning the carbody of automotives and all vehicles.

TRANSNET SUPERCREAM can be used in car wash. - pure. - Or diluted to 50% depending on the installation. The dosing pump is set to spray about 30 to 60 ml per body.

Under normal conditions of use, it poses no risk for the user or for painting.

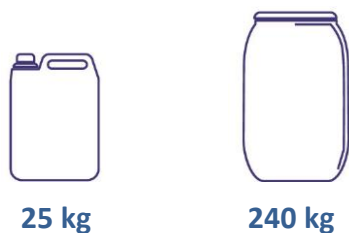

CHARACTERISTICS

Aspect:Clear liquid
pH (pure product):13 +/- 0.3
pH at 10 g/l:11.7 +/- 0.3

Density at 20°C:1.12 +/- 0.01 g/cm³
Freezing point:-3°C
Colour:Colorless to pale yellow
Biodegradability:DCO : 475 g/l

The surface agents used in the design of our products comply with biodegradability criteria as defined in EC regulation No. 648/2004 relating to detergents.

PACKAGING

STORAGE

Store the product in a dry location in its original packaging.
