

TRANSNET PLATINIUM

SUPER ACTIVE CAR SHAMPOO

DESCRIPTION

TRANSNET PLATINIUM is a car shampoo highly concentrated which easily removes traffic film and dirt of car bodies (insects, greases...) without altering paints, varnishes or application equipment.

TRANSNET PLATINIUM reinforced formulation facilitates the removal of all fats, dirt... It presents dense active foam increasing contact time and, therefore, increasing detergency.

In view of its particular formulation, it is efficient very quickly on car bodies, tarpaulins, lorry trailers, public works, public transport... and it rinses off easily.

TRANSNET PLATINIUM can be used on every kind of supports, by automatic or mechanic application, with High Pressure or brushing.

EDTA free, NTA free, made from high biodegradability surfactant, can be used with hard water.

TRANSNET PLATINIUM is conform for an application on food contact surface, as it fulfil required specificities of **September 8th of 1999 decree amended by the decree of 19th December of 2013** regarding uses of surface cleaning products which can come into contact with foodstuff, products and drinks for human and animal nutrition (important rinsing with clear water is necessary at the end of the operation).
