

TRANSNET SGC

SHAMPOO

DESCRIPTION

TRANSNET SGC is a shampoo that uses the latest research in surfactant chemistry. This shampoo has been specially designed to facilitate cleaning the road film, without altering your paint.

TRANSNET SGC brings a brilliant film remanent that will make the original shine to the bodies. All the effectiveness of this shampoo lies in its ability to clean the bodies while giving their colors to your painted surfaces.

This formula poses no risk to the environment or the user.

It is suitable both for cleaning the bodywork of light vehicles than for that of heavy vehicles and this, by mechanical or automatic application.

It can be used on all types of media.
