

## RENOV JANT

### DEGREASING CLEANER FOR RIMS

#### DESCRIPTION

RENOV JANT is a concentrated liquid alkaline detergent which can be applied onto the rims of all types of vehicle (light, HGVs, trailers, etc.).

RENOV JANT has been specifically developed to clean brake pad residue, road film on rims, etc. Very effective as it thoroughly cleans rims thanks to its high concentration, RENOV JANT restores original shine to the surfaces treated.

Due to its composition, it can be applied onto surfaces in contact with food.

#### APPLICATION/INSTRUCTIONS FOR USE

To use RENOV JANT:

We recommend spraying it diluted at around 30%.

Once ready for use, simply apply it and leave it for 3 minutes.

To complete the operation, rinse the rims with high-pressure water

#### CHARACTERISTICS
